

**PCM**  
PLASTIC COMPRESSION MOULDS

# COMPRESSION FORMING TOOLS & EQUIPMENT

## COMPANY PRESENTATION

CONFIDENTIAL - PROPERTY of PCM s.r.l

## COMPANY & MISSION

### **PCM Srl was established in Bruino (Italy) of 1999.**

- The majority controlling shareholder is SACO AEI Polymers, Inc. a privately owned company registered and operating in the USA.
- PCM Srl covers a total area of 2,450 square meters, has 20 employees and invoices ranging from 3 to 5,000,000 Euros and also avails itself of the help of rigorously selected and reliable external companies and offices.
- PCM Srl construct tools and equipment to produce interiors and exteriors automotive parts.

### **Our mission is to provide the customer with a turnkey product.**

- This means supporting the customer in all phases starting from the virtual technological adaptation of the component to finish with the molding of the component compliant with the requests.
- Our philosophy is strongly oriented to continuous technological innovation and customer satisfaction.

## WHAT CAN WE DO

1. Consulting and modification of the customer math data to adapt it to the compression forming process
2. Prototype compression forming tools
3. Compression forming tools and equipment for the production of the serial parts for different type of substrate and coverstock
4. Tools trials, molding of pre series parts and small production
5. Commissioning of the tools and equipment at the customer plant

# OUR ORGANIZATION

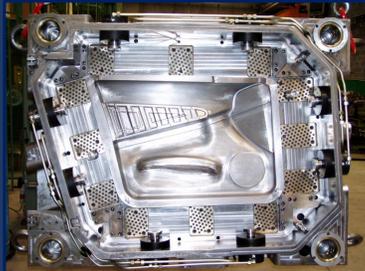

## CAD / CAM DEPARTMENT

Workshop for the construction of the tools and equipment

Workshop to carry out the tools trialsmolding of pre series parts and small production

# SOME OF OUR COMPRESSION FORMING TOOLS

# SOME OF OUR PUNCHING TOOLS

# SOME OF OUR EQUIPMENT

# SOME PARTS PRODUCED WITH OUR TOOLS
